WELCOME TO OUR MARCH 2011 BALTIMORE AUCTION

Dear Friends,

I would like to take this time to welcome you to our World Coin Auction #159, held in conjunction with the Whitman Baltimore Coin and Currency Expo. Stack's Bowers and Ponterio has become a main fixture at the Baltimore show, as it conducts three major World Coin auctions per year at this venue. We are proud to offer collectors a regular tri-annual venue for Foreign and Ancient Coins, as well as World Paper Money.

This auction should prove to be of great interest to the collecting community, especially because it features part II of the Len Novotny Collection of Mexican coinage. Part II is comprised primarily of minor coinage of the Republic of Mexico. It should be considered one of the finest collections of its type ever to be sold at public auction. The collection contains many rarities, including pieces that have never before been offered at public auction. Further, our different mints of the rare 1888 50 Centavos are offered here.

- 1888 Alamos 50 Centavos KM-407 Probably Unique
- 1888 Culiacan 50 Centavos KM-407.2 Probably Unique
- 1888 Hermosillo 50 Centavos KM-407.5 Extremely Rare
- 1888 Mexico City 50 Centavos KM-407.6 Probably Unique

The only 1888 50 Centavos not present in the collection is a Unique example from Guanajuato which is part of the Banco de Mexico collection and not available to collectors. Many decades of collecting with a thorough approach and a keen eye for quality enabled Novotny to assemble a world class collection, the likes of which may not be seen again at auction for years to come. This catalog is sure to become a standard reference for the Republic Minor coinage of Mexico for several decades. This collection also contains a fantastic set of cap and ray 4 Reales, including a complete date run of Guadalupe y Calvos and the unique 1862 Hermosillo.

Other highlights in Mexican coinage include some rare offerings of Spanish Colonial issues. One item of particular interest is a 1724 gold 4 Escudos. The coin is believed to be unique as a date, struck during the short lived reign of the boy king Luis I. The War of Independence section offers an extremely rare Zongolica 8 Reales. Currently one of only five known examples and one that famous Mexican Numismatist Frank Grove calls "One of the rarest 8 Reales of the entire Mexican series." For the collector of cap and ray pesos this auction contains the key 1901 Zacatecas with AZ assayer's letters. In all, the auction features more than 1,300 lots of Mexican coinage, offering interesting numismatic items to collectors of virtually every price range.

World coin highlights include an 1813 Argentina 8 Escudos. Historically it is very important as this coin is the first Republic 8 Escudos for all of Latin America. Other world highlights include a lovely 1837 Costa Rican 4 Escudos of the Central American type graded NGC AU55, and a Denmark Gold Ducat of Christian V dated 1671/69 and graded NGC MS63. The auction also features nearly 600 lots of World Paper Money, including Iran Imperial Bank of Persia 25 Tomans P-6 in Specimen; Lebanon Banque De Syrie Et Du Libon 10 Livres 1939 P-17; and the ever popular Saudi Arabia 10 Riyals 1953 P-1 Hajj Pilgrimage Note.

I invite you now to please take time and browse through the catalog. I wish you the best of luck with your bids and obtaining new items for your collections.

Thank you &
Best regards

Richard Ponterio

LEN NOVOTNY

THE LEN NOVOTNY COLLECTION OF MEXICAN COINAGE, PART II

Len Novotny has been a coin collector since childhood, starting with a Whitman Lincoln Cent album and searching through rolls of coins to nearly complete that collection. While he never did find the sought-after 1909-S VDB or the 1914-D, all others were located and frequently upgraded. He well recalls the day when going through the coins in the cash register of a friendly area merchant that he 'discovered' an About Uncirculated 1920-S Walking Liberty half dollar. During those years his preference for higher grade coins took root, quickly leading to the realization that his allowance would not come close to satisfying his collecting appetite for choice coins of the United States. As a result, his collecting came to a near halt.

Time moved on, with Mr. Novotny graduating from Loyola University, becoming a Certified Public Accountant, and a period of time served in the military. While in the Orient he developed an interest in Korean and Japanese coins and banknotes. His 'allowance' no longer held him back from obtaining rarities and high grade specimens and he assembled near complete type and date collections of both countries. Those collections are detailed by Ron Gillio's auctions held in conjunction with the 1984 Northern California Numismatic Association Convention and the 1988 Hong Kong International Coin and Stamp Show, and clearly display Mr. Novotny's eye for quality.

During his 'Oriental period' Mr. Novotny assembled top grade coins from numerous other countries including Mexico. In reviewing those coins he decided to embark upon date collecting of the Mexican Republic. He found the coins to be beautiful in design and challenging to collect. Numismatic catalogs back then were not especially helpful in determining either rarity or top conditions that could be reasonably located, thus began many years of research with dealer lists, past public auctions, and contact with collectors who had been involved with the Republic for long periods of time. Mr. Novotny is very indebted to their generosity in sharing time and information with him in his education on the coins of the Mexican Republic.

His collection is enviable in breadth, rarity and numerous high condition specimens. His acquisitions have come from sources in Europe, the Orient, Latin America, Mexico, and untold auctions and private treaty transactions within the United States. Many of the coins came from entire collections he acquired solely for the purpose of 'cherry picking.' Some of these coins have been off the market for 50 years and many only rarely, if ever, offered in public sale.

Extremely Rare and Possibly Unique Luis I 4 Escudos

8006 **4 Escudos, 1724-D.** Luis I (1724). Fr-unlisted denomination for this king; KM-unlisted denomination for this king; Cal-type-4 (un-listed date); Lopez-Chaves-Sanchez-unlisted denomination for this king. King Philip V abdicated the throne to his eldest son Luis I on January 14, 1724. The reign of Luis I was tragic and regarded as the shortest reign of the Spanish kings. He ruled for a period of just over seven months before dying of small pox. Upon the death of his son, Philip re-assumed his role as King until his own death in 1746. Minor coinage design changes occurred upon the ascension of Luis I. Most notably are the arms of the Low Countries located in the lower left quadrant of the bourbon shield. In 1724, the arms of the Low Countries changed from curved to straight bendlets as featured on the coin. The arms of Austria undergo minor changes in this year as well. From 1724 onward, the arms of Austria are represented with a solid horizontal bar in Fesse form. Though Luis I only ruled in 1724, coins minted in Mexico dated both 1724 and 1725 are known struck in silver. Gold coins of Luis I minted in Mexico are extremely rare, only a handful of examples known. While extremely rare as a type, this coin is probably unique as a date. We are aware of a single example dated 1725 and no other dated 4 Escudos that fit the Reign of Luis I. The top portion of the date runs off the planchet; however, the date is clearly 1724. Bold and full shield clearly showing every feature, clear assayer and mint mark. Small scratch in reverse field, lightly toned. Very attractive. **BOLD VERY FINE+.** **\$10,000-\$15,000**

8007 **4 Escudos, 1740 (4/3)-MF.** Fr-9; KM-135. Nearly **EXTREMELY FINE**. **\$4500-\$5500**

8008 **4 Escudos, 1789-FM.** Charles IV with the portrait of Charles III. Fr-38; KM-143.1. Surfaces lightly polished from use in jewelry. Otherwise Bold **VERY FINE**. **\$1300-\$1600**

DURANGO

8009 **8 Escudos, 1842 (4/3)-DoRM.** Fr-68; KM-383.3. Very scarce date, lightly cleaned. **EXTREMELY FINE**. **\$1400-\$1800**

8010 **Escudo, 1838-DoRM/L.** Fr-99; KM-379.1. **EXTREMELY RARE** date. This is only the third example known to this cataloger. **EXTREMELY FINE**. **\$3000-\$4000**

The First Independent 8 Escudos of Latin America

ARGENTINA

10071 **8 Escudos, 1813-J. Potosi Mint.** Fr-1; KM-9; CJ#1 (R1-A1); LaOnza-1558. During the War of Independence, the control of many important cities shifted back and forth from Royalist to Republican forces. The city of Potosi was no exception to this, and in so shifted control of the Potosi Mint. Republican forces under the command of General Manuel Belgrano captured the city of Potosi in the early month of 1813. Congress sanctioned the law of April 13, 1813 authorizing the production of the first republican coinage. Issues were produced this year in both gold and silver bearing a radiate sun face design and the newly adopted coat of arms. This issue was produced in small quantities for only a limited amount of time. By 1814 control of the city had shifted back into royalist hands and the mint reverted back to the production of the coinage of Ferdinand VII. The 1813 Sun Face 8 Escudos of Argentina is of the utmost historical importance. Indisputably, it claims the title of the first independent Onza of Latin America. It is estimated that around 12 examples of the 1813 8 Escudos exist. There is only one known set of dies for this issue; suggesting a rather small mintage. 10310 Pattern Dollar Struck in Silver, Year 18 (1929). L&M-97; Kann-617; HSU-93; KM-Pn101; Chang-CH193. Austria design from the Vienna Mint. Struck in China at Hangchow Mint. Course Reed Edge. In 1929 the Chinese Ministry of Finance ordered a new design for the then proposed Dr. Sun Yat Sen Dollar. Patterns were submitted from the five world's leading mints: Italy, Japan, England, United States and Austria. This represents the proposal from the mint in Vienna, Austria engraved by Richard Placht. Upon completion the various mints shipped the dies as well as samples of the new patterns to China. Many of the patterns were re-struck in China at the Hangchow mint, which accounts for their availability today. This pattern is struck with course reeding that is somewhat rounded and is one of the examples struck at the Hangchow mint. NGC AU-53. \$1500-\$2000

Likely Unique Shanghai Branch 1918 \$5 Asia Banking Corporation

11110 Asia Banking Corporation. \$5, 1918. P-S112b. A miracle note which will gather tremendous interest from sophisticated collectors. The note shows listed as reported not confirmed in the SCWPM for the Shanghai branch. The note is likely unique for the Five Dollar denomination. This piece has been "raised" to a \$10 value. All locations of the denomination have been altered to show the higher denomination with both Chinese & Western numerals being redrawn. The serial numbers have been cut out at both locations as authorities likely realized the forgery of the denomination. The deep blue color is true to the original Five Dollar form and small hints of the old denomination are visible. The note is also a piece which received a bit of press at the time of discovery in 1987, being featured in a Banknote Reporter article. They make mention of the rarity of the branch overprints with comparisons to the other more available locations. The note retains nice detail of the vignette at center depicting camels and the great wall and shows a few internal splits and rough edges. With no other recorded pieces, we can only speculate how much interest it will receive with collectors. **GOOD** **\$5000-\$7000**

11146 National Bank of Egypt. 10 Pounds, 25.4.1920. P-14.

This design is likely missing from many collections and especially so with as much detail as this note offers. The body of a higher grade is mentioned and some slightly rough areas in the borders ultimately limit the grade. **CHOICE FINE**.....\$700-\$1000

Four pinholes, pressing and a small repair at top center are mentioned for complete accuracy. **VERY FINE**.....\$800-\$1200

LEBANON

11330 Banque De Syrie Et Du Liban. 5 Livres, 1.9.1939. P-27b. This note represents the second most scarce for this design by overprint variety. Two parallel red diagonals are seen on the face and back. The note also benefits from quite pleasing grade with problem free paper and even circulation. Easily would have qualified for a VF grade had a couple of the vertical folds been less harsh. The 'Lebanon Paper Money and Coins' book lists the rarity of this note at 30 known examples which surely will create significant attention among collectors. **CHOICE FINE** **\$1000-\$1500**

11331 1 Livre, 1950. P-48a. This note is underrated and shows itself with ample appeal. It would easily qualify for a full grade better if not for a semi-large tear at the top center. A few smaller margin tears are also noted. **FINE-VERY FINE** **\$200-\$300**

11332 Banque De Syrie Et Du Liban. 5 Livres, 1.12.1945. P-49a. This scarce 1945 dated note is highly challenging to locate and especially so in this pleasing mid-grade problem free from. The note has tremendous appeal with original paper and light even circulation. Vibrant color throughout gives endless detail to the elaborate design. The note does suffer however from some splits with the largest being at left measuring just over 40mm. With the 1945 issue being highly rare this note will likely create significant attention. **VERY FINE** **\$1000-\$1500**

Rare P-53 'Blanket' Note

11334 Banque De Syrie Et Du Liban. 100 Livres, 1945. P-53. This is a numismatic favorite for those involved in the collecting of World Banknotes. This design is one of a mere 30 known examples according to the 'Lebanon Paper Money and Coins' by Ayoub. The note shows much better appeal than the technical grade would suggest with sharp detail and nice overall appeal. Repairs mostly limited to the margins are reason for the 'Net' grade by Paper Money Guaranty. Truly a piece which deserves to be in any advanced collection of worldwide banknotes and the design is the cover note to 'Lebanon Paper Money and Coins' by Abdo Ayoub. **PMG VERY GOOD 10 NET. Rare in this state of preservation. **PMG CHOICE UNCIRCULATED 64 \$2000-\$3000**

11475 Republica De Panama. 1 Balboa, 1941. P-22a. This sensational note starts a run of an incredible four consecutive pieces we are offering. PANAMA

11481 Republica De Panama. 20 Balboas, 1941. P-25a. This note is a cornerstone piece in any collection it enters with only a small hand full of examples known. Nice color and pleasing detail remain with circulation being mostly even, save for a small nick at the top center which is mentioned by PMG in the comments section. A bit of surface soiling is seen as well but the paper is otherwise problem free. Offerings of this denomination are few and far in between and typically create a large amount of excitement among bidders. A great piece to cap off this highly desirable section of Panamanian notes. **PMG VERY FINE 20..... \$4000-\$6000**

STACK'S BOWERS GALLERIES

Chris Napolitano

President

A collector since childhood, Chris Napolitano joined Stack's-Bowers Galleries in December 2010 following an extremely successful career as the founder, president and CEO of Summit Rare Coins, Inc. With more than two decades of industry experience, Chris has handled in excess of \$250 million in rare coins, including 80 of the coins featured in the popular numismatic reference book by Jeff Garrett, "100 Greatest U.S. Coins," along with many notable pedigrees. His numismatic knowledge is virtually unsurpassed, and he is happy to make himself available to consignors to discuss auction opportunities for their numismatic rarities and collections.

Q. David Bowers

Chairman Emeritus

Perhaps the best-known and most noteworthy numismatist of the last 50 years, Q. David Bowers' work with rare coins is so voluminous and so extraordinary that he was named by COINage magazine as one of the "Numismatists of the Century," among a multitude of awards and honors. During his illustrious career, he has catalogued and sold at public auction many of the finest and most valuable and important collections ever assembled. They include the Louis E. Eliasberg, Sr. Collection; the Harry W. Bass Jr. Collection; the Ambassador and Mrs. R. Henry Norweb Collection; the John Work Garrett Collection sold by order of The Johns Hopkins University; the Childs Collection; and myriad others.

Richard Ponterio

Executive Vice President

Richard Ponterio began collecting coins as a young boy at about the age of 10. His interests first peaked in numismatics while working for his uncle who owned a vending machine company. During the summer, Rick would accompany his uncle along his route, re-stocking the machines and collecting the monies which had been deposited. At the end of each day, the two of them would search through the coins for dates and varieties they needed for their collections. In 1972 he decided to make numismatics his full time profession. From 1974-1982 he helped co-found the firm Ponterio & Wyatt, conducting mail bid auctions, price lists, and attending major coin shows. In 1982 he formed the company Ponterio & Associates which was accepted in to the I.A.P.N. (International Association of Professional Numismatists) in 1988, and served on the executive committee of the I.A.P.N. for eight years. He joined the P.N.G. (Professional Numismatists Guild) in 1979, and served on its board of directors for six years. He is an ANA life member and is the president of the New York International Numismatic Convention.

Christine Karstedt

Executive Vice President of Consignments

Christine Karstedt serves as executive vice president of consignments. A familiar figure at numismatic conventions and auctions for over two decades, Chris has built a vast network of hobby contacts during her extensive career. She is well known at the podium, as a licensed auctioneer and also as a speaker for numismatic programs. Chris' ability to attract worldwide attention to the sale of numismatic material placed her at the center of the publicity program for the record-breaking \$100 million treasure of the S.S. Central America and the S.S. Brother Jonathan. Over a long period of years she has worked with hundreds of consignors and helped present the Louis E. Eliasberg Sr. Collection, the Harry W. Bass, Jr. Collection, the Ambassador and Mrs. R. Henry Norweb Collection, the Walter Childs Collection, the Dr. Haig A. Koshkarian Collection, the Oliver Jung Collection, and the Cardinal Collection. She is a member of the Professional Numismatists Guild, a life member of the American Numismatic Association and a board member of the Industry Council for Tangible Assets (ICTA). Her unstinting and tireless efforts have helped leading collectors and dealers worldwide obtain the very best prices for coins, tokens, medals, and paper money, working hand-in-hand with experts and departments within our organization.

TERMS & CONDITIONS

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has re-purchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stack's Bowers. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins in this Auction have been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent, a Bidder by mail, telephone, internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as deter-

mined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must have a catalog and register to bid at the auction by completing and signing a registration card or bid sheet. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale.

5. Buyer's Premiums. For U.S. Coins and Currency Sales (auctioned by Stack's Bowers Galleries), a Buyer's Premium of fifteen percent (15%) on each individual lot will be added to all purchases made by Bidders, except for reacquisitions by Consignors, regardless of affiliation with any group or organization, and will be based upon the total amount of the final bid.

For World Coins and Currency Sales (auctioned by Stack's Bowers and Ponterio), a Buyer's Premium of eighteen percent (18%) on each individual lot will be added to all purchases made by Bidders, except for reacquisition's by Consignors, regardless of affiliation with any group or organization, and will be based upon the total amount of the final bid. However, if the purchaser pays for all invoiced lots in the sale in cash or by "cash equivalent" ("cash equivalent" is defined to include cashier's check or money order, approved check, wire transfer or other immediate bank transfer), the Buyer's Premium will be applied at a discounted rate of fifteen percent (15%).

A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in immediately available good U.S. funds, through a bank

in the United States. On any cash transaction or series of transactions exceeding \$10,000, Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. **We accept payment by Visa, MasterCard, American Express or Discover for invoices up to \$5,000. We regret we cannot accept payment by credit card for invoices over \$5,000 for U.S. Coin and Currency purchases auctioned by Stack's Bowers Galleries.**

Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of forty-five (45) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars (\$1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars (\$1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Purchases of coins are exempt from sales tax in Pennsylvania, but currency purchased at auctions held in Pennsylvania are subject to Pennsylvania sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

6. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity suf-

ficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

7. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS LISTED IN THIS CATALOG GRADED BY PCGS, NGC OR ANACS CACHET, OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or the coin is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same

condition the lot(s) were delivered to the Buyer, time being of the essence.

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Any alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Bidders shall have no recourse against the Consignor for any reason whatsoever.

i. Bidder acknowledges that the rare coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee that any customer buying for investment purposes will be able to sell for a profit in the future.

j. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

8. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

9. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages.

Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

10. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the Professional Numismatics Guild ("PNG"). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. These Terms of Sale and the information on the Bower's website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

11. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on the MAXIMUM EXPENDITURE line at the upper portion of your bid sheet. You can then submit bids for amounts up to eight times the amount of the maximum expenditure. This is a personal service and a Stack's Bowers customer representative will personally attend to your bid sheet by bidding from the auction floor, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly. Due to the bookkeeping involved, this service is offered only to bidders with maximum expenditures of \$1,000 or more.

We invite you to take advantage of the optional 10% to 30% increase to help your chance of being a successful bidder. Check the appropriate place on your bid sheet.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.
